Our Story...

K-9 Carts is the original pet wheelchair company started over 45 years ago by an orthopedic veterinary surgeon, Dr. Lincoln Parkes. A small, family-run company, K-9 Carts is dedicated to serving the handicapped pet. With over 50,000 pet wheelchairs sold, we are proud to also offer a wide range of products for the needs of the disabled pet. Caring for disabled pets is our business, and we strive to provide the highest quality of customer support in the industry.

K-9 Cart East 866-K9-CARTS/410-226-5006 (voice)

Standard Two-wheeled Cart:

Our most serviceable design allowing maximal directional control & ease of use. Walking or non-weight bearing rearlimb support options are standard features. Especially useful for animals with normal forelimb strength and a hindlimb disability. Custom-made for each pet. Fully adjustable.

- Several Indications:
- Disc Syndrome
 - Traumatic Injuries to Spine
 - Rehabilitation
 - Amputation of Rear Limb
 - Degenerative Myelopathy

Foot slings included on every cart.

Removable leg ring harness straps available on all carts for a nominal fee.

Design Advantages:

- Adjustable in height, width, and length for optimal fit to your dog.
- Intrinsically balanced so that weight is NOT shifted to forelimbs.
- Foot slings included with every cart for non-walking use.
- High strength plastics, aluminum tubing, & sealed ball bearings provide for a lightweight, strong cart that will never rust!
- Closed-cell foam padding for comfort allows easy cleaning.
- Stable pelvic support that contours to pet's body.
- EVA foam-filled tires with heavy tread that will never go flat.
- Easy entry with removable leg rings harness.

Four-wheeled Cart:

Designed for maximal overall support. Front wheels provide directional control. Indicated for animals with forelimb and hindlimb disabilities or animals with progressive loss of hindlimb function extending to forelimbs. Front wheels can be removed to convert to Standard Two-wheeled cart.

- Several Indications:
- Advanced Stages of Degenerative Myelopathy
 - Single or Bilateral Forelimb Weakness
 - Traumatic Injuries Requiring Rehabilitation
 - Progressive Spinal Cord Conditions

Customer Service Policy (Must be Read, Signed, and Dated)

K-9 Cart East will make every effort to ship carts within 7 business days and accessories in 1-3 days. Orders will be processed in the order they are received. There is a 10-day trial period for the carts. If returned within those 10 days, a 65% refund of the cart cost will be given. Refundable carts apply to dog and cat carts returned in clean and new condition. Cause for return of the cart must be discussed by phone within the 10-day trial period. Non-refundable carts include animals over 100 lbs, 4-wheeled carts, and specialty designs, such as front limbs, exotic pets, etc. K-9 Cart may charge a cancellation fee any time after cart construction begins. Shipping is not refunded. All accessories are refundable or exchangeable, minus a restocking fee, provided they are returned in clean, new condition within 10 days. Again, shipping is not refundable. We apologize for the complex refund policy, but the variable factors of serving the needs of each disabled animal require this policy. Please take advantage, if possible, of our free service of measuring, evaluating, and fitting at our shop.
